Customer Notification - May 19th 2026

Switzerland's Corpus Christi Holiday Closure

Dear Business Partner,

Please be informed of the following service arrangements during the upcoming public holiday:

Thursday, June 4th 2026 (Corpus Christi)

- **Laboratory:** Samples can be received on June 4th, but processing and test results will resume on June 5th.
- **Administration & Quality:** Certificates will be available from June 5th.
- **Sterilization:** Operating as usual.
- **Logistics:** Goods reception remains open on June 4th, processed as express (+25% surcharge). Outbound shipments **will resume on June 5th.**

We would greatly appreciate if you would be able to complete as much expedition shipments as possible, the week and days prior to June 4th.

FAQ – Corpus Christi 2026

1. Can I send laboratory samples on Thursday, June 4th?

Yes. Sample reception will be possible on June 4th. However, the laboratory will be closed, and processing will resume on June 5th.

2. When will my laboratory results or sterilization/treatment certificates be available?

All results and certificates will be uploaded to MyMedistri from June 5th onward.

3. Will the sterilization service continue during the holiday?

Yes. The sterilization department will operate as usual on June 4th. Administrative activities (including Customer Service & Helpdesk) will resume on June 5th.

4. Is goods reception available on June 4th?

Yes. Goods reception will remain open. Receptions on June 4th will be treated as express and subject to a +25% surcharge.

5. When will outbound shipments be processed?

Outbound shipments will resume on Friday, June 5th.
